THE UNIVERSITY OF EXETER LIFE
ASSURANCE SCHEME

Nomination for death benefits

Your own details

Your full name	
Your date of birth	
Your NI or payroll number	

After my death, I should like the University to consider my wishes when they decide who receives any lump sum payments from the Scheme. I understand that my wishes are not binding on the University, but I should like to nominate the following people to receive the benefit in the proportions I have shown. I understand that this information is necessary for the University to administer my death benefits and agree to them using it for this purpose.

You can choose to leave "relationship" blank, or you can write in any details that you feel may help the University to reach a decision such as how you are related (for example 'Spouse' or 'Civil Partner'), or whether you share your finances. You can also ask the University to consider paying the benefit to your estate.
